FINANCIAL AID GUIDELINES

Following are the Crescendo Academy of Music (CAM) financial aid policies and procedures. It should be understood that funding for financial assistance through CAM is limited as it is dependent upon grants from other sources. However, every effort will be made to assist those students who, because of financial difficulties, would otherwise be unable to study at CAM.

Policies

Recipients of financial assistance must reapply at the beginning of each new school year. Aid is applied on a per lesson basis and is not given to the student in the form of cash. When there is a reduction in the length of lesson time, the award will be decreased proportionally. Any increase in lesson time during the year does not automatically result in a proportionate increase in the award; a new application for aid must be completed. A withdrawal for any length of time results in a loss of financial aid; upon your return, you must reapply.

The acceptance of financial assistance from CAM carries with it an obligation on the part of the student to attend lessons on a regular basis and work diligently on making progress in his/her principal area of concentration. Aid may be withdrawn at any time if, in the opinion of the principal teacher and the Executive Director, the recipient fails to meet the minimum standard which is expected by the teacher and CAM. The receipt of aid one year does not guarantee assistance in future years.

Recipients of financial aid are expected to follow the policies of Crescendo Academy of Music as stated in the Fees & Attendance Policies. Recipients are also expected to perform in recitals and, if applicable, participate in their school ensemble and extracurricular musical activities.

Procedures

Crescendo is committed to providing assistance to those students who might otherwise be unable to study at the academy. Limitations in the amount of aid available may mean that not every student with a demonstrated need can be assisted. All applications received will be considered equally and the academy will assist as many students as possible. In every instance, the student is expected to contribute monetarily to the cost of his/her lessons, no matter how small the contribution.

**Applicants must submit a copy of their most recent federal tax return, public assistance documentation, free/reduced lunch determination letter or proof of unemployment.

**Additional information which might affect the decision of CAM to grant aid must be detailed as part of the application. Such information might include unusual medical expenses or expenses for education. Please document such expenses.

**Recipients must sign a letter of agreement accepting the financial aid award and return it within one week of notification.

** All information submitted will be kept in strict confidence.
